Dear Friend of RAIVAAJA,

The Foundation has begun the important work of digitizing the historical archives of the former RAIVAAJA, the newspaper of record for the Finnish Americans in the Northeast for over 100 years.

We ask for your support of this cultural preservation project by making a tax-deductible donation to the Foundation.

It is our sincere desire to ensure the most effective method of preserving the materials transferred to us by the membership of the former publishing company and to make it easier for all interested people to do research using these materials.

We are in a time when more and more people expect to be able to to lookup what they want to see or read by using their computers or mobile devices. In keeping with the times, therefore, we intend to remain meaningful to Finnish-Americans and other interested people by providing them a valuable free electronic experience.

Please help us. Your donation is tax deductible,\* and it will be supporting a most worthwhile endeavor.

Kiitos!
